Our family at Corbett's Burgers & Soda Bar wants to THANK YOU for your business. We won't try to get your business with silly, made-up hipster slogans. Corbett & his family want your business because you think our burger store has great food, neat sodas and exceptional customer service.

These ideals are what comprise our company's values, beliefs and goals:

-To honor and glorify God as we provide our guests with excellent food and exceptional customer service.

-To treat team members and guests with respect and appreciation while professionally serving them.

-To provide the best and friendliest family dining experience.

We want to serve our guests the best burgers and hot dogs in town! That's why our burgers are ground fresh daily and we hand-patty each burger. This is the same fresh ground beef that goes into our house-made chili for our delicious Nathan's and Carolina Bright Leaf hotdogs. We also make in-house our creamy buttermilk coleslaw, yummy baked beans, tangy pimento cheese, turkey burgers, and Corbett's four Special Sauces.

We've tried to get a good sampling of soda from all over the country. So far we're at 245 varieties and counting. We also went to great lengths to try and select only sodas that really tasted good. We didn't want just a quantity of beverages, but quality. We did throw a few interesting flavors in the mix (bacon anyone?), but overall we believe you'll find several you and your family can enjoy.

Glass bottled sodas are something Corbett grew up drinking on his grandpa's farm in Harnett County. There was nothing like grabbing that ice cold bottle out of the cooler on a hot summer day, popping the top off and chugging it down or sitting in a fishing boat some late, lazy afternoon and sharing a couple bottles of soda with Grandpa, waiting for the fish to bite.

We hope those of you who grew up with glass bottles will enjoy reminiscing as well. You young folks who have been brought up on sodas in cans and plastic bottles can now start making memories of your own, hopefully of sitting here at the Soda Bar, enjoying a burger and a cold drink in a glass bottle.

Or better yet, grab a six pack and go fishin'!

Thanks again for your business, and if you enjoyed your visit please tell others about us.

HOW TO EAT A CORBETT'S BURGER

We purposefully place the cheese and bacon BETWEEN the burger patty and the BOTTOM bun so that the cheese and salty hickory smoked bacon flavors are the FIRST tastes that hit your tongue when you bite into your burger. We don't want these Sodalicious flavors to get lost in the flavors of the other toppings. So,

ALWAYS EAT RIGHT SIDE UP!!
